

# 40 Below Summer, Monday Song (Original Version)

Life is lost for me  
And everything I dream  
And there's no God to save my soul  
There's no faith in me at all  
Just a life disease  
Disease

Picture me above the sky  
On this half day closing  
Ride the wave say goodnight  
Drifting slowly  
I see the world in your eyes  
It's relentless  
When I feel the burn in my life  
God please end this (Pain)

It's not so easy  
Can you fix me?  
And wipe it all away  
And wipe it all away  
And wash it all away  
You wash it all away

Picture me inside the sun  
I'm dried and burning  
As I sink like a stone  
The world keeps turning  
And I'll hold you close to myself  
You complete me  
A part of my life I can't fill  
Please release me (Now)

It's not so easy (And wipe it all away)  
Can you fix me? (Can you fix me?)  
And wipe it all away  
So sadistic, yeah (And wipe it all away)  
How you'd bleed me  
And wash it all away

You  
Follow  
A heart  
In vain  
You  
Follow  
And start  
Again

Life is lost for me  
Now

It's not so easy (And wipe it all away)  
Can you fix me? (Can you fix me?)  
And wipe it all away  
So sadistic, yeah (And wipe it all away)  
How you'd bleed me  
And wash it all away  
You wash it all (You wash it all away)  
Away  
Away  
You wash it all  
You wash it
