

4HIM, Bigger Than Life

Life sometimes such a bully
It sneaks up and knocks us to the ground
Life seems to show no mercy
Well It laughs at us and kicks us when were down

Well Ive been there in its shadow
And the time has taught me this
If we look over its shoulder
Well see that our god is

Chorus:
Bigger than life
Bigger than anything that comes our way
Bigger than life
Bigger than any problems we might face
Our god is so amazing beyond all we can say
So hearts of faith take courage come what may
Hes bigger than life

We, we all have had our bruises
When life has led us to a painful place
Time and again hasnt our God proven
He can handle any struggles that we face

Well hell be the same tomorrow
As hes been through all the years
So even when this lifes not fair
We have no cause to fear

Chorus
Our god is so amazing
Beyond all we can say

Chorus
