

# 4HIM, Fill The Earth

As the ball of sunset fire  
Falls into the sea  
And the diamond lights start dancing  
In the sky of ebony  
All that I see before me  
Screams out your glory

Chorus:  
You fill the earth with beauty  
And leave us so amazed  
You fill the earth with power  
That takes our breath away  
Lord we are your people  
And for all our days  
We Long to fill the earth  
Fill the earth with your praise

In the mighty wind and water  
That pounds upon the shore  
In the rivers when they're raging  
And the thunder when it roars  
Creator, Sustainer  
It could not be plainer

Chorus

Bridge:  
World of wonder around us  
Your works astound us

Chorus
