

4HIM, No Other Reason

Here in this heart its so hard to believe
Youre still the one pursuing me
I feel I dont deserve
All that youve given me

Lord I am amazed tell me how can it be
That after all this time youd still love me
So let me say to you
Thanks for the love you bring

Lord let these words I say
And the praises I sing always be

Chorus
For no other reason but to love you
For no other reason but to say that youre my god
For no other reason just because,
Just because you are

Lord I confess I am humbled inside
To know such a love, such a sacrifice
That in spite of all youve done
And all the joy you bring

Lord let these words I say
And the praises I sing always be

Repeat Chorus

Hey.hey.hey
Just because you are
Heyheyhey
Just because, just because you are
