

4HIM, When I Need You Most

Your spirit reads my heart
Like the pages of an open book
Somehow You see each fragile part before You look
You know my every weakness
Lord, You know just what I need
And out of Your compassion
You comfort me, for

CHORUS

When I least deserve Your love
That's when I need You most
When I seem to push away
That's when I need You close
When my flesh would hide my heart
From the only truth it knows
That's when I need You most

When all I know is change
Only You will keep my heart secure
Your tender love for me remains so strong and Sure
And though I may fail You often
Still Your healing mercies flow
For with a father's wisdom
You always know, that

REPEAT CHORUS
