

4HIM, When It Comes To Livin'

Theres only one thing
that matters in life
In spite of the way
it might seem
Its not when youre born
its not when you die
But what have you done
in between
So dont spend your days
In a useless parade
of momentary matters
When we can change
What forever remains

CHORUS

When it comes to livin
Weve only got one life
When it comes to dyin
Its just a matter of time
But everybodys got
a choice to make
For we all can make
a difference in life
Are you gonna take a stand
for whats right
When it comes your time

Sometimes I feel like were
moving too fast
In search
of the meaning of truth
With no place to turn
and no one to ask
I wonder
just whos leading who
But time after time
Theres a courage I find
to stand up to temptation
Im building faith
With each choice that I make

BRIDGE

One things for certain
This crazy world is searching
for a guiding light
We cant deny that humanity
is crying out
For Jesus Christ

REPEAT CHORUS
