

50 Cent and Jennifer Lopez remix, I'm gonna be a

(Track masters remix)

[Jennifer Lopez]

Oh Yes!!

[50 Cent]

Uh-huh, Yeah

I wanna be the reason u smile after u wipe your tears,
the reason u have the courage to confront your fears
the reason theres 2 carrots in each your ears

I splurge with the paper ma, i don't care

How ya like it pumps, boots, jeeps, coops

minks, and leathers, 50 fall off never

whats mine is yours and whats yours is mine

so when i shine u shine

Come on Finest champaign we can toast to life

craps table in Vegas u can toss the dice

Don't let your friends get ya confused sayin' 50 bad news

i need ya in my life girl your too much to lose

[Jennifer Lopez]

it's funny 'cause for a while

walked around with a smile but

deep inside i could hear

voices telling me this ain't right

don't u know its not for you

i always knew what i had to do

but its hard to get away

because i love you i just tried to stay

I used to say I couldn't do it but I did it (yes I did)

After telling everybody that I wasn't with it (oow yeah)

Though it brings tears to my eyes, I can feel it

And I know inside i'm gonna be alright (I'm gonna be alright)

I said I couldn't do it but I did it (yes I did, baby)

After telling everybody that I wasn't with it (oh yeah)

though it brings tears to my eyes, I can feel it

And that voice inside says I'm gonna be alright

Friends of mine say to me

They say you got control over me

you're not alone, I played my part

i saw the way you were from the start

Could I expect so much from you

You had a girl when I first met you

Did the best that you could do

Now I realize I can't change you

I used to say I couldn't do it but I did it

After telling everybody that I wasn't with it

Though it brings tears to my eyes, I can feel it

And I know inside i'm gonna be alright (I'm gonna be alright)

I said I couldn't do it but I did it (yes I have baby)

After telling everybody that I wasn't with it (ow yeah)

though it brings tears to my eyes, I can feel it

And that voice inside says I'm gonna be alright

Said I wouldn't walk away

Somedays I want to stay

But leaving you is what I need to do to be okay

Never thought it would be true

Me livin' without you

But now it's time for me to make a move

[50 Cent]

Now when I tell ya what my wishes are

u don't respect it

when i smile at ya

u don't smile back like we're connected

u ain't been goon long but

i already miss ya

i need you next to me so i can hug u and kiss u

all the talkin on the phone
all the time we shared
how could u fix your mouth to say i don't care
i had plans 4 us
to buy ice together, engagement rings, and things and sharelife together
now when your friends tell ya 50 called you like whatever
do u think we were wrong for each other from the start
or was it my actions that made us grow apart
just want u to know you always have a place in my heart
[Jennifer Lopez]
I used to say I couldn't do it but I did it (but I did baby)
After telling everybody that I wasn't with it (wasn't wit it)
Though it brings tears to my eyes, I can feel it (to my eyes)
And I know inside i'm gonna be alright (I'm gonna be alright)
I said I couldn't do it but I did it (but I did)
After telling everybody that I wasn't with it (wasn't wit it)
though it brings tears to my eyes, I can feel it
And that voice inside says I'm gonna be alright
Oh no?be alright

I used to say I couldn't do it but I did it
After telling everybody that I wasn't with it
Though it brings tears to my eyes, I can feel it
