

# 54 Seconds, It Got You Thinking

Here  
Another day too long  
All my words are gone  
But I&#039;m not through

Rain, the orange colored kind  
Slowly faded blue  
But I&#039;m not through

God knows  
What I&#039;m saying  
I&#039;m just trying to catch your eye

It got you thinking  
It got you high  
Not like you were that night  
But almost

Here on the losing side  
Guess I&#039;m color blind  
But I&#039;m not you

Rain, washes me away  
If I were you I&#039;d stay  
But I&#039;m not you  
God knows what I&#039;m saying  
I&#039;m not being what you want

It got me thinking  
It got me high  
Not like you were that night  
But almost
