

5ive, Mr. Z

Verse 1 (Rap):

Excuse me
Can you help me straighten out my head?
I got a new friend
By the name of Mister Z
Well, what's wrong with that
Don't you like what you see?
Hmm, if I had a choice
I'd rather be me
You see
He's kinda not like a kinda average guy
Kinda say what
Kinda say why
Did you see
What he did to his cat
It's all big and fat
And now it wears caps
Here we go again

Chorus:

Mr. Zuvallopa
Got a crazy life
With a house on the corner
For his kids and wife
Works all day
Tryin' to make ends meet
Just the same as everybody
Does down the street
Mr. Zuvallopa
Got a brand new car
But he likes a little drink
So he can't drive far
He uses to have a mini
But he's six foot four
Mr. Zuvallopa
Don't want it no more

Verse 2 (Rap):

Yo, you gotta sit back relax
While I hit you with a tale
Of a guy
Who would try
But he's always gonna fail
M I S T E R Z
He doesn't realize
That it wasn't really meant to be
Him at the top
He never wanna stop
The fool in the pool
Doing a big belly flop
Now even sunbathing
He could never get it right
Cos he even tried to do it in the middle of the night
Here we go again
Repeat Chorus
