

# 6 Dogs, Lonely Kobe

Tried to save tchem  
But who's gonna save me  
Running for a minute  
I've been late lately

They hate on me  
Burt they don't even know me  
I've been smoking in the city  
With my homies

Popped drugt now i am lonely  
Feel so lonely

But i am balling like i am Kobe  
Yeah, i am balling like i am Kobe
