

6LACK, Khalid, Seasons

it's been a little cold
and not outside
switch up the wardrobe
gotta be dressed for the ride
got hit with a winter breeze
I know we like to act tough
what we do it for?
be careful with energy
no need to be so cold
I wanna be more

summer's calling
a beautiful summer's calling
summer's calling
a beautiful summer's calling
summer's calling

I been going through it
you've been through it
I fall back and look at what we're doing
I could yell at you
but what's the use
if you really love me
gotta prove it
carrying this baggage
need to pack light
hate seeing you sad
I gotta act right
I am looking forward to the brighter
oh my love

summer's calling
a beautiful summer's calling
summer's calling
a beautiful summer's calling
summer's calling

have you ever looked at someone and said
I could spend my whole life with ya
you're lucky the greatest thing I could do is marry you
cause if I could, I spill my blood
down to give you my last breath
the old me on his last stretch
I guess a new season's next, next

summer's calling
a beautiful summer's calling
summer's calling
a beautiful summer's calling
summer's calling
