702, Will You Be Okay?

Chorus:
Will you be okay,
If I go away?
I wish that I could stay,
Say you'll be okay.

Verse One:

Baby, I know that it hasn't been long, And yet it seems our liking has grown, Into love. Baby, you know that we knew all along, That in a little while I will be gone, So I need to know, If I go...

Repeat Chorus

Verse Two:

Baby, I can tell by the look in your eyes, You're trying to hide what you're feeling inside, But go on and cry.
Baby, I know I can't promise you when, But we're gonna see each other again, Until then, I gotta know, will you be okay?

Verse Three:

Believe me, I don't really wanna be leaving, But you can always call me if you need me, It'll be okay.
You know it doesn't really matter where I go, 'Cuz I'll be keeping you in my heart so, You're never far away.
