

78 Saab, No Illusions

I'm under no illusions now
How can I see when I am blind
To all the same old faults now
I'm sure to make it kinda tough
Not gonna make me change my ways
I've come too far for that now
Oh I can waste all day
Oh I can waste all day
Waste all day
Feel the first rays on your skin
I can believe what I can see
The sun into your eyes now
I'm under no illusions now
How can I see when I am blind
To all the same old faults now
Oh I can waste all day
Oh I can waste all day
Waste all day
Is there something here
I can hold on to
Oh I fall down
Is there something here
I can hold onto
Oh I fall down
All I see, yeah
And all I see, yeah
And all I see, yeah
And all I see, yeah
I'm under no illusions now
I'm under no illusions now
I'm under no illusions now
I'm under no illusions now
