

# 7th Heaven, In Time You'll Be Mine

Chorus:

One day I saw you, you saw me  
I said I love you, you said it was a mystery  
I looked at you and said "In time you'll be mine"

Verse 1:

I always thought that you loved me  
All you said was to wait and see  
Oh, how I got so happy  
Just knowing that you loved me

Bridge:

So I'm waiting, always waiting  
For you to answer me  
So I'm waiting, always waiting  
I keep calling just to see

Chorus: 2x

Verse 2:

Late at night, I saw you, you saw me  
After the day you said you loved me  
Hand in hand, was you and your ex-girlfriend  
You said I hope that we can still be friends

(music fades)

Verse 3:

I cried and cried that night  
'Cause I thought you were mine  
Things were not supposed to be this way  
Don't you see?  
It's not OK!

Bridge: 1x

Chorus: 2x
