

# 8-Ball & MJG, Baby Girl

(feat. P. Diddy)

[Chorus: 8 Ball - repeat 2X]

What it do baby girl  
Get on the dance floor  
Will you put your drink down  
Come and dance with me

[Verse 1: MJG]

Let's hit my residence, baby it's evident  
That you been raising hell, I make it heaven sent  
M-J take you to places that you never went  
One room one night for every day spent  
Knocking a dent in the sheetrock she's hot  
Got them legs fanned open like a peacock  
I saw her dancing in the club with her new outfit  
Her hair and her nails did show me love  
Ya man say he got good green show me some bud  
Give me the real hook up price like I'm ya cuz  
Baby see I'm above the bullshit and the playing  
Them hoes you listening to don't know what they saying  
They relaying that he say she say language  
If that's the way we trying to swing it won't swang it  
M-J fucking G I ain't really new to this shit  
Just wanna add something new to the list

[Chorus]

[Verse 2: 8 Ball]

Money make the world go round that's what they say  
Conversation rules the nation in every way  
My mind thinking shit and I say it before I know  
I'm at the condo busting condoms on the floor  
We keep the crunk hyper than any who use a mic  
We do the kinda music the pretty women gone like  
A sweet smell you know with perfect nails and toes  
A round cinibun head under them clothes  
I know you wanna go and smoke out  
Stay up all night and go eat at the Waffle House  
You and me bring your friend that make three  
I bet I can make you feel so sexy  
Let the drank flow and burn the best dro  
Put ya drank down and go hit the dancefloor  
Make a nigga wanna get withcha and spend dough  
Love what you do to me mami I wanna know

[Chorus]

[Verse 3: 8 Ball]

My yak spilling full of that hay I'm feeling right  
Spend the night with me let's wake up and take a flight

[MJG]

She'll suck a nigga dick for the flight but don't bite  
We gone keep it on the low no gossip and no hype

[8 Ball]

My rubber on tight on the jet on the runway  
Leave Monday don't come home to Sunday

[MJG]

We dip Tuesday be back in town by Wednesday  
Break a girl off that chain like Cunta Kintae

[8 Ball]  
So will you dip with me baby girl  
On a trip around the world while I play with your curls

[MJG]  
Play with your titty nipples will that make your toes curl  
You a bad motherfucker baby its your world

[8 Ball]  
I know I'm coming on strong but that's me  
Whatever you want I can do it correctly

[MJG]  
So get ya mind right baby you Tina and I'm Ike  
Bring that ass over here dance with Ike or we gone fight

[Chorus]
