

# 8mm, Give it up

Don't you give it up for me  
Don't you open up your soul  
And drown in your misery  
We all know you don't want help  
You want company  
Don't you give it up for me  
Just how long can you bleed?  
Just how long do you need?  
Just how long can you bleed?  
Don't you give it up for me  
Bandage up your palms again  
No one can see the blood but you  
Won't you get up off your knees?  
It's time to run  
Don't you give it up for me  
You can't say  
Cuz you're so afraid  
That all that you have  
Is all you deserve  
You're so afraid  
All that you have  
Is all that you deserve  
Maybe it is...  
Baby  
it is
