

8mm, Give it up

Don't you give it up for me
Don't you open up your soul
And drown in your misery
We all know you don't want help
You want company
Don't you give it up for me
Just how long can you bleed?
Just how long do you need?
Just how long can you bleed?
Don't you give it up for me
Bandage up your palms again
No one can see the blood but you
Won't you get up off your knees?
It's time to run
Don't you give it up for me
You can't say
Cuz you're so afraid
That all that you have
Is all you deserve
You're so afraid
All that you have
Is all that you deserve
Maybe it is...
Baby
it is
