

911, Wonderland

Wonderland

Wey-oh, wey-oh
We'll be as one in wonder, wonderland

Through my doubts
Hold me high
Through your strength
Tears will dry
Break these walls that divide
Build a path, be my guide

Gotta be a will, gotta be a way
But only if we learn to give
Spread a little love 'cause it's never too late
People of the world

Come together we can hold it in our hands
A wonder, wonder, wonder, wonderland
And forever united, we will stand
In wonder, wonder, wonder, wonderland
Wey-oh, wey-oh
We'll be as one in wonder, wonderland

(Like that, y'all, like that, yes)

Sure as time turns a page
Destiny leads the way
And breathe new life
Make a change
And together we'll find our way

Gotta be a time, gotta be a place
We can bridge our lives as one
Every ounce of love and hope embrace
People of the world

Come together we can hold it in our hands
A wonder, wonder, wonder, wonderland
And forever (and forever yeah) united we will stand

In wonder, wonder, wonder, wonderland
Wey-oh, wey-oh
We'll be as one in wonder, wonderland
Wey-oh, wey-oh
In wonder, wonder, wonder, wonderland

When we're blind, help us see
We'll find peace and harmony
When we're lost (when I'm lost)
Take us home (take us home)
To wonder, wonderland

Come together we can hold it in our hands
A wonder, wonder, wonder, wonderland
And forever united, we will stand
In wonder, wonder, wonder (ah yeah), wonderland
Come together (come together, yeah)
We can hold it in our hands
A wonder, wonder, wonder (uh-oh), wonderland (oh, yeah)
And forever (forever, yeah) united, we will stand
In wonder, wonder, wonder, wonderland
Wey-oh, wey-oh
We'll be as one in wonder, wonderland (ah, yeah)

Wey-oh (we should come together)
Wey-oh (we'll be united forever)
In wonder, wonder, wonder, wonderland
Wey-oh, wey-oh
We'll be as one in wonder, wonderland
Wey-oh, wey-oh
In wonder, won
