

98 Degrees, All Because Of You

Its all... its all... its all...
Youre my sunshine after the rain
Youre the cure against my fear and my pain
Cause Im losing my mind
When youre not around
Its all... its all...
Its all because of you

Youre my sunshine
Oh yeah...

Baby I really know by now
Since we met that day
You showed me the way
I felt it then you gave me love
I cant describe
How much I feel for you

I said baby I should have known by now
Should have been right there
Whenever you needed love
And if only you were here
Id tell you, yes Id tell you
Oh yeah...

Chorus:
Youre my sunshine after the rain
Youre the cure against my fear and my pain
Cause Im losing my mind
When youre not around
Its all... its all...
Its all because of you

Honestly, could it be you and me
Like it was before
Neither less or more
'Cause when I close my eyes
At night I realize that no one else
Could ever take your place

I still can feel and its so unreal
When youre touching me Kisses endlessly
Its just a place in the sun
Where our loves begun
I miss you... yes I miss you

Chorus

If I knew how to tell you
Whats on my mind
Make you understand
Then Id always be there
Right by your side

Chorus
