

98 Degrees, Do You Wanna Dance

Chorus

Baby, I gotta ask you
Do you wanna dance
Because I'm in the mood
I've been watching, from across the room
The way you're moving
I could get into you

Tonight is the night I want to dance with you
My heart is beating faster than I want it to
Cause the music is right and the groove starts to move
Can I find a way to get down with you
Put your hand in mine
Let me look into your eyes
Let's not waste anytime, girl
'Cause this feeling's so strong and I can't deny

Chorus

I look in your eyes and my world starts to shake
Intoxicating me with every move you make
Come and get down with your favorite tune
I feel the need to get with you soon
Oh you're looking so fine
And I'm liking the way that you move
Girl, you're making me high
And there's nothing I wouldn't do to you, oh

Chorus

So what you wanna do
Do you wanna dance (Girl do you wanna dance)
So what you goin' do
Do you wanna get down (Now do you wanna get down)
So what you wanna do
Do you wanna dance (Girl do you wanna dance)
So what you goin' do
Do you wanna get down (I gotta know if you can)
(Get down on it) Girl I like the way you move
(Get down on it) Girl I gotta dance with you
(Get down on it) Girl I like the way you slide
(Get down on it) I gotta dance with you tonight

Chorus
