

999, Boys In The Gang

High tension sound so neat
over reaction get off your seat

we're with the boys in the gang
we're with the boys in the gang

don't understand don't ask me why
some kind of reason, some kind of high
it's something that you want to try

we're with the boys in the gang
we're with the boys in the gang

what is this feeling that i've got inside
it can take me for a ride....a ride
it's something that you want to find

we're with the boys in the gang
we're with the boys in the gang

we're with the boys in the gang
we're with the boys in the gang

(fading)
we're with the boys in the gang
