

A\$AP Rocky (ASAP Rocky), Sundress

(fucking with the wrong man
said, she fucking with the wrong man
ever since she left me)

I guess she fall into the wrong hands
and now you're f-in' with the wrong man

you took some time away from me
I see you made your mind
just read the signs,
it's clear to see
I;m tryna make you mind
cause love is blind
your hurt is fine
to heal , it take some time

I guess she fall into the wrong hands
and now you're f-in' with the wrong man

tokyo trips
shoppin sprees full of gifts
I remember we would dream about kids
tryna get that V with tha crib
back when you used to Bs with that Crip
gotta give a little to get
a little bit in return no
tables turn now
and you heard about me and my bitch

I'm just tryna chill
caie lately I've been thinking about you nd rebuildin'
walking around like you lost feelings
I can tell he not fulfilling
you in love with me still

they say only if looks culd kill
for real
you walk around town with that guy
when you pass by
I just laugh like, ach, ach, ach

I guess she fall into the wrong hands
and now you're f-in' with the wrong man
