

# A Band Of Bees, Wash in the Rain

Try and I fail, sometimes I even succeed  
If you look at my life, I can't complain  
If you know what I mean and it is all the same  
When you're holdin' out you can wash in the rain  
Wash in the rain, wash in the rain  
Wash in the rain, wash in the rain  
I got salt you got pepper  
Maybe we could get it together  
I dig a hole you fill it up  
You're the second thing to knock me over  
Only to the waves on the edge of the water  
Wash in the waves, wash in the waves  
Wash in the waves, wash in the waves  
Wash in the waves  
Find it hard to forget, all the effort in regret  
Put in one pot that's big enough  
It's bound to crack when it hits the rock  
That 'cause you're wicked and you wouldn't stop  
That 'cause you're wicked and you wouldn't stop  
You wouldn't stop, you wouldn't stop  
You wouldn't stop
