

A Bloody Canvas, Meet You In Memory

i cant forget you, i cant forget you
tonight we'll dance upon the memories
flirting with disaster, get my heart beating faster
theres something missing everytime i take a breath, theres one thing missing everytime i fall asleep
theres an unexplainable hole in my chest from that night when i found you at your best...
...such a clever conduction of a constant mistake, i'll hold onto you until i feel my mind start to break
...all the memories locked tight inside a cheap paper bag, when i wake up in the morning this day will
...and now my cerebrum will shatter with my memory lapse, spilling such an awful secretion into my
...i'll meet you in memory
(i cant forget you)
i cant remember your name
