

# A blue Ocean Dream, Fall Down

Let the rain come down  
Fall down on me  
I saw the leaves falling to the ground  
I saw the snow falling all around  
Stop and reflect on the time that we have left  
Is it a crossing when you stand in front of death  
Let the rain come down  
Fall down on me  
Like tears  
I saw the leaves falling to the ground  
Just like tears  
I saw the snow falling all around  
Just like tears
