

A-Camp, Such A Bad Comedown

A-Camp
A-Camp
Such A Bad Comedown
I danced for a while
And my moves
Would make you smile
Oh, i loved you then
My dear chemical lover

You veiled me in your haze
Like a puppet in your lace
Amazing disgrace
From your
Silerspoon substance

You took me away
Made monday a saturday
You stained me with love
And left me in dirty laundry
But i left my ground
For a minute

Your body in my veins
Your power is what remains
You know i never had
Such a bad
Bad comedown

You took me away
Made monday a saturday
You stained me with love
And left me in dirty laundry
But i left my ground
For a minute

My oh my
You took pride
In my fuck-up

I've been cursed
And i've been hailed
I have blown it
And i've inhaled
But i never had
Such a bad
Bad comedown

Such a bad
Bad comedown
Such a bad
Bad comedown
