

# A Camp, Walking The Cow

Try to remember  
but my feelings can't know for sure  
Tryin' reach out  
but it's gone

Lucky stars in your eyes  
I'm walking the cow

I really don't know how I came here  
I really don't know why I'm staying here  
I am walking the cow

Try to point my finger  
but the wind keeps blowing me around in circles  
in circles

Lucky stars in your eyes  
I'm walking the cow

I really don't know what I have to fear  
I really don't know what I have to care for  
I am walking the cow

Lucky stars in your eyes
