A Change Of Pace, Just Like The First Time

It's something more than something less
Yeah, it's never obvious
'Cause when I think about you it's like the first time
You've seen my worst, I've seen your best
It's never been as obvious
So when I think about the first time
We ever met
Just like the first time
She's got that temper
When I've got that tender way to say
That we've got a problem
'Cause we know each other all too well
But we're all contradiction
We always say we did it to ourselves
But when I'm not with you
I can think of nothing else
It's something more than something less
Yeah, it's never obvious
'Cause when I think about you it's like the first time
You've seen my worst, I've seen your best
It's never been as obvious
So when I think about the first time
We ever met
Just like the first time
Everything's quiet
When there's a thousand things to say
But dear, I don't buy it
'Cause I'm daring but I'm scared
To hear &quot;yeah, I'm a contradiction&quot;
We always say we did it to ourselves
But when I'm not with you
I can think of nothing less
It's something more than something less
Yeah, it's never obvious
'Cause when I think about you it's like the first time
You've seen my worst, I've seen your best
It's never been as obvious
So when I think about the first time
We ever met
It always comes back to that first time
When every glance came with a sigh
And every boy told me to try
But it never seemed to go right
'Cause how could my love ever help
When I barely know myself
It's something more than something less
Yeah, it's never obvious
'Cause when I think about you it's like the first time
You've seen my worst, I've seen your best
It's never been as obvious
So when I think about the first time
We ever met
It's something more than something less
Yeah, it's never obvious
'Cause when I think about you it's like the first time
You've seen my worst, I've seen your best
It's never been as obvious
So when I think about the first time
We ever met
