

A Cinderella Story, Our Lips Are Sealed

Can you hear them, they talk about us?
Telling lies, well, that's no surprise
Can you see them, see right through them?
They have no shield, no secrets to reveal
It doesn't matter what they say
In the jealous games people play
Our lips are sealed
There's a weapon, which we must use
In our defense silence
Spreading rumors so far from true
Dragged up from the underworld just like some precious pearl
It doesn't matter what they say
In the jealous games people play
Our lips are sealed
Pay no mind to what they say
It doesn't matter anyway
Our lips are sealed
Hush my darlin', don't you cry
Cryin' angels, forget their lies
Can you hear them, they talk about us?
Telling lies, well, that's no surprise
Can you see them, see right through them?
They have no shield, no secrets to reveal
It doesn't matter what they say
In the jealous games people play
Our lips are sealed
Pay no mind to what they say
It doesn't matter anyway
Our lips are sealed
Our lips are sealed
Our lips are sealed
