

A Day To Remember, A Shot In The Dark

Let's take them back to the days when we were family
My breath was your breath
at least when we were young
I think it's funny how the times have changed
Throw being jealous in the mix and now all I know of you is a name
This couldn't have come at a better time
This ends right now

We gave all of ourselves to entertain you
You're only hurting us
We gave all of ourselves to entertain you
We're only hurting ourselves

I'm a god amongst the ants and your girlfriends and you act like you don't even know
it's cause you haven't been here for too long
I called this right from the start
I turn my back for one second now all I hear is a shot in the dark
Use my name like you know me
You're all the same

Keep running your mouth

We gave all of ourselves to entertain you
You're only hurting us
We gave all of ourselves to entertain you
We're only hurting ourselves

MARK MY WORDS WERE TAKING OVER THE WORLD!
