

A Day To Remember, Show 'Em the Ropes

This is my vengeance for all the wrongs
You've formed against us
You always get me wrong
My whole existence revolves around
The progress that we've made
And I'll never be walked on again
I'm on the edge of the rooftop
Thinking nobody will ever know
I hope that you'd want to be the one to see
The distance from the road
I'm on the edge of the rooftop
Thinking nobody will ever know
I hope that you'd want to be the one to see
The distance from the road, the road
This is our triumph
Over all the forms of filth you've spread
We'll never let this go
Right from the very start
I knew this day would come
Tonight's the night we silence you
There's nowhere left to run
I'm on the edge of the rooftop
Thinking nobody will ever know
I hope that you'd want to be the one to see
The distance from the road
I'm on the edge of the rooftop
Thinking nobody will ever know
I hope that you'd want to be the one to see
The distance from the road, the road
Let this be your reminder
I'm everything that you wanted to be
Hope for the best but it's over
And you thought you were better than me
I'm on the edge of the rooftop
Thinking nobody will ever know
I hope that you'd want to be the one to see
The distance from the road
I'm on the edge of the rooftop
Thinking nobody will ever know
I hope that you'd want to be the one to see
The distance from the road
The road, the road
The road, the road
Such a pretty picture
Your chalk line on the ground
I hope you die
