

# A Day To Remember, Show 'Em the Ropes

This is my vengeance for all the wrongs  
You've formed against us  
You always get me wrong  
My whole existence revolves around  
The progress that we've made  
And I'll never be walked on again  
I'm on the edge of the rooftop  
Thinking nobody will ever know  
I hope that you'd want to be the one to see  
The distance from the road  
I'm on the edge of the rooftop  
Thinking nobody will ever know  
I hope that you'd want to be the one to see  
The distance from the road, the road  
This is our triumph  
Over all the forms of filth you've spread  
We'll never let this go  
Right from the very start  
I knew this day would come  
Tonight's the night we silence you  
There's nowhere left to run  
I'm on the edge of the rooftop  
Thinking nobody will ever know  
I hope that you'd want to be the one to see  
The distance from the road  
I'm on the edge of the rooftop  
Thinking nobody will ever know  
I hope that you'd want to be the one to see  
The distance from the road, the road  
Let this be your reminder  
I'm everything that you wanted to be  
Hope for the best but it's over  
And you thought you were better than me  
I'm on the edge of the rooftop  
Thinking nobody will ever know  
I hope that you'd want to be the one to see  
The distance from the road  
I'm on the edge of the rooftop  
Thinking nobody will ever know  
I hope that you'd want to be the one to see  
The distance from the road  
The road, the road  
The road, the road  
Such a pretty picture  
Your chalk line on the ground  
I hope you die
