

A.F.I., Synesthesia

Heartbreak, incarnate, I'm nothing if not your memories

Heartbreak, please let me be enjoying your pain

Someday, I will be...

I'll be the common voice for community

Because I am a man who'll forever be

Where all remaining failed

Please let me understand I'm your pillow

Letters of past so distant and wrinkled

Please let me understand I'm your pillow

Letters of past so distant and wrinkled

(Just say...) Say you will follow me (follow me)

Invite me to your memory

(Just sing...) Sing again for me (for me)

That long forgotten song

Heartbreak, incarnate, I'm nothing if not your memories

Heartbreak, please let me be enjoying your pain

Someday, I will be...

I'll be that what you want from a failing dream

Because I will, I may at best

Be as low as you feel

Please let me understand I'm your pillow

Letters of past look distant and wrinkled

Please let me understand I'm your pillow

Letters of past look distant and wrinkled

(Just say...) Say you will follow me (follow me)

Invite me to your memory

(Just sing...) Sing again for me (for me)

That long forgotten song

Let me be all the words

Let me be all the words

Let me be all the words

Let me be all the words

Let me feel the words echo in comfort

Let me be all the words that you'd unsay

Let me feel the words echo in comfort, comfort, comfort, comfort

Let me be all the words that you'd unsay, unsay, unsay, unsay

Let me feel the words echo in comfort

Let me be all the words that you'd unsay

Let me feel the words echo in comfort, comfort... comfort

Let me be all the words that you'd unsay, unsay, unsay, unsay
