

# A.F.I., The Beginning

Love your hate, your faith lost, you are now one of us  
Love your hate, your faith lost, you are now one of us  
Nothin', from nowhere, I am no one at all  
Radiate, recognize, one silent call  
As we all form one dark flame  
Incinerate  
Nothin', from nowhere, I am no one at all  
Radiate, recognize, one silent call  
As we all form one dark flame  
As we all form one dark flame  
As we all  
Love your hate, your faith lost, you are now one of us  
Love your hate, your faith lost, you are now one, one of us
