

A.F.I., The Beginning

Love your hate, your faith lost, you are now one of us
Love your hate, your faith lost, you are now one of us
Nothin', from nowhere, I am no one at all
Radiate, recognize, one silent call
As we all form one dark flame
Incinerate
Nothin', from nowhere, I am no one at all
Radiate, recognize, one silent call
As we all form one dark flame
As we all form one dark flame
As we all
Love your hate, your faith lost, you are now one of us
Love your hate, your faith lost, you are now one, one of us
