

A.F.I., The Celluloid Dream

Oh
Calling tears from deep inside, oh, you're so exquisite
And in the mirror, all midnight eyes
Oh, if I could remain, but it's just a visit
All midnight eyes read vacancy

Twisted
Twisting
To the lovely dancing lights, I beg May I cut in?
But they never stop playing their song
Of a joyous song they sing, I've heard whispers
On a freezing note, I resonate
Just like romantic verses, just like a joyous end
Just like a memory, it twists me
Just like romantic verses, just like a joyous end
Twist, twisting me

You land as lightly as the new snow
(Cinematic)

Onto the melting boy
(And melt away)

You light as gently, you're so
(Cinematic)

Bathed in your radiance I melt, oh
In the glitter in the dark, sunk into velvet
Praying this will never end

In the shadow of a star, in static pallor
I realize I never began

Just like romantic verses, just like a joyous end
Just like a memory, it twists me

Just like romantic verses, just like a joyous end
Twist, twisting me

You land as lightly as the new snow
(Cinematic)

Onto the melting boy
(And melt away)

You light as gently, you're so
(Cinematic)

Bathed in your radiance I melt
All the colors upon leaving all will turn to gray
All the colors upon leaving all will turn to gray

(All gray)

All the colors

(All gray)

Upon leaving

(All gray)

All will turn to gray

(All gray)

All the colors

(All gray)

Upon leaving

(All gray)

All will turn to gray

Twisted me

You land as lightly as the new snow
(Cinematic)

Onto the melting boy
(And melt away)

You light as gently, you're so
(Cinematic)

Bathed in your radiance
You land as lightly as the new snow
(Cinematic)

You land as lightly as the new snow
(And melt away)

You land as lightly as the new snow
(Cinematic)
Bathed in your radiance I melt
