

A.F.I., Values Here

[Originally by Dag Nasty]

What'd you say

When I said we'll be here through tomorrow

In my heart and in my head

Fear of failure

Fear of reprimand

Two big problems

I've never had

I never doubted what I had inside...what I have inside

Values here in my heart

And we'll be here through tomorrow

Every day's a brand new start

Fear of failure

Fear of reprimand

Two big problems I've never had

I never doubted what you had inside...what you have inside

Fear of failure

Fear of reprimand

Two big problems I've never had

I never doubted what we had inside...what we have inside
