

# A.G., 20 Cent Girl (America Held Hostage)

[40 second skit to open about a girl with a finger in her ass]

[A.G.]

The Dirty Version, G.D. motherfuckers

[Chorus]

I got a girl with a girlfriend, she blow trees  
Push V's and rock constant, shit  
Just when I thought I had the bomb dick  
I caught her cheatin but I kept it on some calm shit

[A.G.]

Check me out yo  
Now I met shorty 'bout 3 years ago, my type  
We get dirty everywhere we go, get hype  
From the telly to the studio, flicks cars and parks  
Used to see me in the dark, I sparked  
And I lounge and I chill with it  
Smack it and flip it and ill with it  
Intelligent type, I build with it  
And if I ain't with her, I'm probably delf  
Had to flip when she told me she was fuckin somebody else  
One of my niggaz? Don't tell me it's him  
Had to pause when she said it's her girlfriend Kim

[Interruption]

What?! Say word son, stop playin  
(Word son, that shit flipped me out son)  
(That shit got me buggin right now)  
What, what'chu gon' do son  
(I don't even know what I'ma do son)  
(I might have to get dirty)  
(Straight might have to get dirty with both of 'em)

[Chorus: plays in background behind Interruption]

[A.G.]

Son I met the other chick, we kicked it, blase blah  
Next was menage-a-trois in a Hyundai car  
And my shorty's buggin cause I'm wit it  
She really thought I wouldn't hit it  
Had to touch 'em both with the diddick  
Now it's on yo and I'm pourin Mo'  
My girl and her friend and it ended up porno  
It ain't no wrong ho, I'm in beast mode  
But they love it when I perform slow  
That's the norm though  
They feelin me, but better know that I'm out for the long dough  
Stop my shine and I'm gone ho (bye bye)  
But I'ma be patient and see, what the future look like for them and me  
Now when I bounce, it's reservations for three  
And I let 'em get they dirt on when I got places to be  
(Just them two) while they waitin for me  
We pack the showers, three be in the jacuzzi, catch a flick  
Cause that's that shit, get head through the movie

[Chorus]

[Chorus Two]

It's kinda real, but I'm tired of the nonsense  
She asked if I wanna join, I had no comment  
I kept my poise then I calmly responded  
I had her open, fuck you both, so let's start this - and get dirty
