

# A Guy Called Gerald, Hurry To Go Easy

Something's going on with blaze  
She can shake the sky  
Flying saucers in her eyes  
Senses wide awaking  
Out the freaking side  
All day long yeah  
She hurries to go easy  
She feels  
What's real  
All day long yeah  
She hurries to go easy  
Something's really happening  
Smoking sassafrass  
Grass is on her arse  
Wearing out her slippers  
Magic mushroom jazz  
All day long yeah  
She hurries to go easy  
She feels  
What's real  
All the day all the day all the day  
All day long yeah  
Hurry to go easy
