

# A-ha, Butterfly

Butterfly, butterfly  
Flying into the wind  
You can be sure of it  
That's no place to begin  
Overthinking every little thing  
Acknowledge the bell you can't unring  
Tomorrow, you don't have to say what you're thinking  
You don't have to mean what you say  
Butterfly, butterfly  
Flutter in to the skies  
Butterfly, butterfly  
Their molecular cries  
Chrysalis dreams waiting on the fifth instar  
These stained glass wings could only take you so far  
You don't have to say that it matters  
You don't have to turn something in  
Stay with it through thick and thin  
Butterfly, begin Butterfly, butterfly  
Tomorrow, you don't have to mean what you say  
Left without a reason to stay  
Comes the last hurrah  
Here's our last hurrah  
Butterfly, butterfly  
You can be sure of it  
Butterfly
