

# A-ha, The Summers Of Our Youth

(Magne)  
There's nothing you can say  
To make me change my mind  
It happens all the time  
Just let the plot unwind

As we look back and see  
Our yesterdays entwine  
The beauty and the truth  
The summers of our youth

And you can go there anytime  
The movies on your mind  
And you can see it clearly where we overstepped the line

(Morten)  
Whatcha gonna do when lights go out  
whatcha gonna think it's all about  
whatcha gonna do when time is up  
whatcha gonna do to make it change the way you feel?

(Magne)  
Our life's a precious gift  
You've felt it once or twice  
But everything comes once  
But once a million times

But you you can find it anywhere  
You know I speak the truth  
I wish there was a way back to the summers of our youth

(Morten)  
Whatcha gonna do when time is up  
Whatcha gonna do to make a start  
Whatcha gonna do when lights go out  
Whatcha gonna think it's all..... think it's all about
