

# A La Carte, You Get Me On The Run

You get me on the run  
You turn me on and on  
You get me on the run  
I never thought that it could be done.  
You're the one  
the party's on and going strong  
You're the one  
I felt the rhythm in the song  
You're the one  
when you asked me for a dance  
You're the one  
my mind just didn't stand a chance.  
I went cold and hot but I couldn't stop  
Stop the fever deep inside.  
You get me on the run

. . .  
You're the one  
I understood without a word  
You're the one  
noone saw and noone hear  
You're the one  
when you took me to your home  
You're the one  
we loved until the break of dawn.  
You are dynamite  
when you hold me tight  
You're the one who drives me wild.  
You get me on the run

. . .  
You get me on the run
