A Life Less Ordinary Soundtrack  
Miscellaneous  
Deadweight  
Song: Beck

on a highway unpaved  
goin' my way  
you're so alone today

like a ghost town I've found  
there's no relief  
no soul  
no mercy

is it true what they say  
you can't behave  
you gamble your soul away

measuring a jinx of this life seems like the gristle of loneliness

don't let the sun catch you cryin'  
don't let the sun catch you cryin'

like an ice age  
nice days on your way  
sipping the golden days

on a riptide  
freak's ride  
sleep inside  
a parasite's appetite

oh say can't you see  
the chemistry  
the parasites that clean up for me

death never hails  
recycled cans  
get well cards  
to the hostage vans

don't let the sun catch you cryin'  
don't let the sun catch you cryin'

you're a deadweight  
right straight  
on your way  
sunk in the midnight shade

skys burn  
eyes turn  
learning to counterfeit their disease

in this town where we roam  
we bluff our souls  
on canteen patio

drink the latest draft

the music drags  
the music drags  
the music drags

don't let the sun catch you cryin'

don't let the sun catch you cryin'
