## A Life Less Ordinary Soundtrack, Deadweight

A Life Less Ordinary Soundtrack Miscellaneous Deadweight Song: Beck

on a highway unpaved goin' my way you're so alone today

like a ghost town I've found there's no relief no soul no mercy

is it true what they say you can't behave you gamble your soul away

measuring a jinx of this life seems like the gristle of loneliness

don't let the sun catch you cryin' don't let the sun catch you cryin'

like an ice age nice days on your way sipping the golden days

on a riptide freak's ride sleep inside a parasite's appetite

oh say can't you see the chemistry the parasites that clean up for me

death never hails recycled cans get well cards to the hostage vans

don't let the sun catch you cryin' don't let the sun catch you cryin'

you're a deadweight right straight on your way sunk in the midnight shade

skys burn eyes turn learning to counterfeit their disease

in this town where we roam we bluff our souls on canteen patio

drink the latest draft

the music drags the music drags the music drags

don't let the sun catch you cryin'

don't let the sun catch you cryin'
