A Life Once Lost

Iron Gag

All Teeth

I think it would be amusing to sit here and write up a list  
Just a list that describes the way I want to destroy myself  
Not a simple suicide  
But a drawn out process of pain  
This was all created in my head  
And can't I stop thinking it

I am taunted by the ignorance between us  
I am taunted by the wraith I feel within us

Solitude  
Devastates me  
Company  
Oppresses me

So imagine what you would find on this list that I have created  
A few hundred ways of self-mutilating pain caused by injustice

I am taunted by the ignorance between us  
I am taunted by the wraith I feel within us

Solitude  
Devastates me  
Company  
Oppresses me

I am taunted by the ignorance between us  
I am taunted by the wraith I feel within us

Solitude  
Devastates me  
Company  
Oppresses me

People  
Derail my thoughts

I feel sick again  
I feel sick again  
I feel sick again
