Forget me not
Those weren't your words
I'm home haven't you heard the ring?
The sound of my voice
I know it isn't much
That's why I say your name
When I fall, when I hit the bottom
Say your name
When I fall, when I hit the bottom
Girl, play on
The boys will stay even if you're gone
Go girl, play on
The boys will stay even if you're gone
I've missed you
Those weren't your words
Seeing you became a charm
And everyday, I wish I could
Everyday...
I say your name
When I fall, when I hit the bottom
Say your name
When I fall, when I hit the bottom
Girl, play on
The boys will stay even if you're gone
Go girl, play on
The boys will stay even if you're gone
And I say, say your name
When I fall,
I say, say your name
When I fall, when I hit the bottom
Say your name
When I fall, when I hit the bottom
Girl, play on
The boys will stay even if you're gone
Go girl, play on
The boys will stay even if you're gone
