ya found me passed out on the floor
lying in my own my puke from the night before
and not remembering what i did
theres gotta be a reason why i lost all my friends
i need my drugs i need my booze

what is an addict to do
i need them here i need them now
and i don't care fuckin how
i'm an addict always on the prowl
ya found me KO'd in the street
with no shoes on an cuts upon my feet
also when i was in the street
with shit in my pants and sleeping in my pee
i need my drugs i need my booze
give me both cuz i cant choose
what is an addict to do
i need them here i need em now
i don't care fuckin how
i'm an addict alway on the prowl
