

# A Skylit Drive, The All Star Diaries

Why you so scared?

I am a non worthy sinner  
Still I pray for you  
When will you be the star in the sky for me  
All eyes on you

Sing a song for me  
Sing it till you see my face  
Lay your trust in me  
Ill be your remedy note

Scrambling to shut the door  
Leave the cold wanting more  
Scrambling to shut the door  
Leave the cold wanting more

Embrace your mind  
Set it free  
Remember everything you lost

Have a seat in my car  
We'll take the 99 north past three  
I am where still breathing now  
Im not leaving why are you so scared?  
Recline the seat back, let's drive  
North till the sunrise

Why you so...  
Im not leaving from this parade till I die  
Why you so scared?  
Why you so scared?

With your hands on me  
Ill keep my eyes on you  
Ill promise to be  
A little secret that will pull you through  
Secret passage through the weight of the world

Why you so,  
Im not leaving from this parade till I die  
Why you so scared?  
Why you so scared?

Hands at my side oh will I live or die  
I'll be strong  
This is my life  
Through open eyes  
This is my life  
Through open eyes  
Why you so scared?
