

A Static Lullaby, Easier Said Than Done

Why don't you try harder next time.
You're better safe than sorry
but I'm gone and never coming back again.
So now you think I'm crazy.
Now you know I'm not the one.
Who cares,
she's gone away and left you sad and lonely.
The world you knew before is gone.
And you wish that she would call to say,
you know I'm sad and lonely
and everything before is everything I had.
So why don't you say sorry next time,
I said you're better safe than sorry
but I'm gone and never coming back again.
Now you think I'm crazy.
Now you know I'm not the one.
You would.
Pick out your answer when you're gone.
We're better safe than sorry
When i'm gone
And i'm never coming back again
So now you think i'm crazy
And now you know i love you and...

She's gone
Away
And left you sad and lonely
The world you knew before is gone
And you wish that she would
Call
To say
You know i'm sad and lonely
And everything before
Is everything I have

But you knew it
Without got your answer
But when you're gone
Without your answer
But when you're gone
Without got your answer
But when you're gone
Without got your answer

If you got your answer
But when you're gone
You pick out your answer
But when you're gone
Without your answer
But when you're gone
Without your answer...
