

# A.T.R., Hot

Dreaming about you every day and night  
Feeling bad, always sad,  
Hopeless its gonna change  
Dreaming about you every day and night  
Cant wait I think Im late  
To see what will happen tonight  
I wanna know everything about you  
I wanna know..

I wanna get to know ya  
I wanna feel hot tonight  
Standing here and waiting for ya  
So come to me and hold me tight  
I wanna get to know ya  
I wanna feel hot tonight  
And the party is not over  
So take me home with you tonight  
Dont know your name boy  
I dont think thats right  
Say it now no matter how  
You know tonight you are mine  
And nothing else matters  
I wanna feel it tonight  
Your touch, your breath,  
Your body close to mine  
I want it all you gonna give me  
I want it all
